OBJECTIVE

Computer Engineering graduate and IT fresher with a foundation in Core Java, SQL, Object-Oriented Programming, Data Structures & Algorithms, DBMS, and operating systems. Hands-on project experience in database-driven web applications and Java-based Android application development. Seeking an entry-level software/IT role where I can apply my technical skills, solve problems, and grow through practical industry experience.

TECHNICAL SKILLS

Programming : Core Java, JavaScript, SQL Web HTML, CSS
Core Concepts : OOP, DBMS, Data Structures & Algorithms, Operating Systems
Database : MySQL, SQL queries, database schema design
Tools : Visual Studio, MySQL Workbench, Android Studio, Git Platforms

PROJECTS

Project Name: PG & Flat Tracking System

Technologies: HTML, CSS, JavaScript, SQL

Designed a structured SQL database for PG/flat listings and tenant information.

Developed SQL queries for search, filtering, updating, and efficient data retrieval.

Connected the user interface with database operations to support smooth listing and tenant management.

Built a simple, user-friendly interface for students and working professionals to find and manage accommodation information.

Project Name: Doggy-Helping Stray Dogs

Technologies: Java, Kotlin, Android Studio, Firebase, Google Maps API
Developed an Android application for reporting and locating stray dogs using Java/Kotlin.
Implemented Firebase Authentication, Realtime Database, and Cloud Storage for user accounts, synchronized data, and image uploads.
Integrated Google Maps API to display reported stray-dog locations and Firebase Cloud Messaging for real-time notifications.
Used Git for version control and Android Emulator for application testing.

EDUCATION:

Bachelor of Computer Engineering	CGPA:6.75/10.00
University of Mumbai	2021 – 2025	
H.S.C. – Maharashtra State Board	2021	86.17%
S.S.C. – Maharashtra State Board	2019	70.20%

EXTRA-CURRICULAR ACTIVITIES:

Java Certification – Core2Web: Core Java, Advanced Java, Data Structures & Algorithms, Operating Systems.

Professional Video Editing: Experience with VN Editor, CapCut, and Adobe Premiere Pro.

Wrestling: Two years of experience; demonstrates discipline, consistency, and commitment.
